COUNCIL MANAGER IS DEFEATED BY 8 VOTES

Third Ward Strong for Change by 88 Majority---Only Ward Where It Was Victorious.

EIGHT VOTES ARE THROWN OUT

Contest One of Closest Ever Held In City—Total of 1,204 Votes Cast And 1,196 Counted of Which Number 602 Votel Against New Form and 594 For New Form.

By a majority of eight the old form of city government won out in the special election held yesterday to determine whether or not Alexandria would acopt the council manager plan or new form, or continue the presen. form of city government.

A total of 1,204 votes were polled. Eight votes were thrown out because of being improperly marked and, therefore, 1196 were counted in tabulating the returns. Of this number 602 voted against the new form of government and 594 for the new form.

The new form of government had its greatest strength in the third ward which was the only ward where it carried. In this ward it received a majority of 88 votes, and the majority in the three other wards received by the old form was 96 votes.

The vote by wards follows: First, 158 against, 133 for; Second, 156 against, 98, for; Third, 127 against, 15 for; Fourth, 161 against, 148 for. Total, 1196; against, 602; for 594.

The vote polled was unusually large, considering weather conditions although it was stated by those around the polls that had it been a clear day at least 100 more votes would have been cast.

Both sides conducted a most aggressive campaign and friends of both issues kept automobiles busy until the hour of closing the polls which was 7.05 o'clock last night in transporting voters to and from the polls.

Those against the proposed change in form of municipal government felt confident that they would receive a much larger majority than they did, and the closeness of the contest came as a distinct surprise to them. It had been estimated previous to the election that the old form would win out by about 300 votes.

Those fostering the council manager plan of government, although making no estimates on majorities also confidently expected to win and their predictions came near being true. Had the eight votes improperly marked been counted it might have resulted in victory for the new form of city government. The vote received by the proponents of the new form certainly was nothing to be ashamed of and shows the city is about equally divided on the proposition.

The proposition for a change in the form of government was crystalized at a mass meeting held in the opera house the night of April 11, when a number of prominent speakers made addresses advocating the abolition of the present system for the new form. Following this meeting a number of mass meetings were held and addressed meetings in the interest of the new form. Those favoring it then petitioned the judge of the circuit court to call a special election to let the voters decide the issue.

That the election was too close to be comfortable was the expression of a number of those around the polls when the result was announced.

The election was conducted entirely on its merits and while there was keen rivalry between the opposing forces there was no friction whatever. Politics payed no part in the contest and it was simply a case of where the voters took their choice. Arguments in the shape of newspaper advertising and circular letters were sent to the voters.

It was the first time that Alexandria ever held such an election. Had the new plan been adopted the affairs of the city would have been conducted by a business manager and a city council composed of five members.

APPROPRIATE $136,000 FOR HUMPHREYS

Bill Was Adopted By House of Representatives Yesterday

CITIZENS GRATIFIED

Means It Will Be a Permanent Camp For Engineers—Rep. Moore Worked Hard For Measure.

News received here today from Washington that the House of Representatives yesterday passed the resolution appropriating the sum of $136,000 for the completion of the quarters for officers at Camp Humphreys, Va., was gratifying to residents of this city. It is thought that the appropriation will be ratified by the Senate.

This, therefore, means that Camp Humphreys will be continued as a permanent school for engineers.

The measure was given the support of three Virginia representatives, R. Walton Moore, of this district and Saunders and Harrison.

Representative Cannon of Illinois made an unsuccessful effort to prevent Camp Humphreys being continued for more than twelve months.

Representative Moore is to be congratulated on his efforts to have Camp Humphreys continued which means much for Alexandria and merchants and citizens generally.

DESTRUCTIVE FIRE AT QUANTICO

Business Property Valued At Between $25,000 and $50,000 Burned

WILL REBUILD AT ONCE

One Belonged to Judge C. E. Nicol, This City—Marines Save Adjoining Property.

Several frame buildings at Quantico valued at between $25,000 and $50,000 by their owners were destroyed by fire at 4 o'clock yesterday morning. The U. S. Marine at that place brought out their fire apparatus and worked hard to stop the progress of the flames. In this they were successful. However, when they arrived it was too late to prevent the buildings already on fire being saved from destruction. The buildings destroyed had a rental of $500 a month.

One was owned by Judge C. E. Nicol, this city. He had a $1,000 insurance on his building and the others were uninsured. The others were owned by Thomas H. Lion of Manassas and Matthew Sisson.

They were considered the most valuable business property in Quantico.

The fire originated in a cafe operated by Peter Pandazides and caught from an overheated stove.

It was stated today that the owners of the burned buildings are making arrangements to rebuild at once. The new buildings will be fireproof it is stated.

Fire insurance companies it is stated are unwilling to assume a risk at Quantico, and for this reason only one of the buildings was insured as stated above.

Deeds of transfer for the following pieces of property today were placed on record in the office of the clerk of the court: Howard W. Smith to E. TEST VOTE IN SENATE

Opponents of Treaty Had a Margin of Three Votes

The first roll call to test the strength of the opponents and supporters of the treaty was taken in the Senate yesterday and the treaty opponents had a margin of three votes.

The question was whether the Senate would follow the leadership of Senator Lodge, representing the Republican majority, or yield to the demands of the Democratic minority led by Senator Hitchcock. By the vote of 43 to 40 the Senate decided it would follow Senator Lodge.

THE ELECTION

(EDITORIAL)

"The moving finger writes,
And writing onward moves."

While the new form of Government was defeated on yesterday by the narrow margin of eight votes, to the observing person the moving finger writes an unmistakable "finis" to the chapter of the old form of municipal government.

It means that while half of the people prefer the change, and are ready for it, the other half think it better "to bear those ills we have than fly to others we know not of." It means that Alexandria has joined the onward march of progress and prosperity, but is feeling her way with accustomed and praise worthy conservatism. But the voice of the people has been heard in terms that express emphatic dissatisfaction with the present conditions. Their leaders must harken or be deposed.

There has been a true expression of sentiment at the poles, and the election was worth while if only as a form of referendum to advise the City Council of the wishes of the citizens. There is not a member of the council who would directly defeat what he believes the citizens wish in the way of substantial reforms in the administration of the city's affairs. The result of yesterday's election put it squarely up to council to do one of two things: Either accept the narrow margin of eight as an expression of entire satisfaction upon the part of their constituents; or recognize the demand for a more modern administration and by ordinance put into effect at once a City Manager form under their own supervision. The law authorizes the council to elect a manager and delegate to him such executive management of municipal affairs as they see proper. This may be done without changing the number of councilmen, without sacrificing the veto power, in short without yielding any of the principles which the opponents of the City Manager form so forcibly expressed in their public announcements. And yet, it would give to the other half of the community substantially the features of centralization of executive duties and administration of the city's affairs, for which they are so logically contending. No sincere opponent of the city manager plan proper can object to trying such an experiment; and no fair minded proponent of that plan can deny that it substantially accomplishes what he has contended for.

But it may be said that council will not allow itself to be forced to take such action by the minority of voters The answer is that there are no men in the city council who are too great or too small to be guided by the wishes of the people who put them there.

The opportunity lies with the present council to adopt such a system and put it into effect now so that result may be shown before the next councilmanic election.

Winds Up Day's Schedule With Speech In Mormon Tabernacle in Salt Lake City.

Ogden, Utah, Sept. 24.—Carrying into Utah yesterday his campaign for the peace treaty, President Wilson declared his conviction that the people of the West had accepted with enthusiasm the peace guarantee of the league of nations.

Entering the State during the morning from Reno, Nev., where he spoke last night, the President was cheered at a number of places where his train made brief stops and was welcomed warmly when he left his private car here in the afternoon for a brief automobile ride.

The wind-up of his day's schedule was a night mass-meeting in the Mormon Tabernacle at Salt Lake City.

Mr. Wilson made on address here, but he issued a short statement greeting the people of Utah and expressing confidence in the outcome of the treaty debate. Crowds lined the streets and cheered him as he rode through the business section of the city.

On Board President Wilson's Special Train, Sept. 23.—Indian squaws with papooses on their backs greeted the President's special yesterday as it speed through Nevada and over the Utah desert en route to Ogden, Utah. The President slept late yesterday morning and missed a crowd of school children who serenaded him at Montello, Nev.

The entire population of the many small towns in Nevada turned out early yesterday to welcome the President and they were plainly disappointed when he failed to appear.

STEEL WORKERS' CHIEF WEAPON

Hope For Sympathetic Strike of Railway Yardmen

NOW AT A STANDSTILL

Threats of Foreign-Born Men to Kill and Burn Homes—Little Prospect of Trouble in Pittsburgh iDstrict.

Farrell, Pa., Sept. 24.—Serious rioting here last night resulted in the killing of one man, the wounding of three others by rifle bullets and the injuring of two other persons. The outbreak, which followed that of last night and early today occurred when twenty State troopers attempted to disperse a crowd of strikers and their sympathizers at Staunton street and Greenfield avenue in the heart of the business district.

The troopers in attempting to scatter the mob were assaulted with bricks and missiles. Finally several shots were directed at the State policemen and they were ordered to open fire.

Buffalo, N. Y., Sept. 24.—One man was shot and killed, another probably fatally injured, and three other persons were taken to the hospital when Lackawanna Steel Company private policemen yesterday evening fired on 3,000 workers who had gathered in front of gate No. 3 of the plant.

Pittsburgh, Pa., Sept. 24.—The first serious outbreak in this city since the strike began occurred last night when one man was probably fatally injured, a special policeman seriously hurt and several others were injured in the Lawrenceville mill district last night.

Pittsburgh, Pa., Sept. 24.—With the strike situation in the Pittsburgh district practically deadlocked so far as extension of the tie up here is concerned, labor leaders today turned their attention to other methods to force the steel operators to deal with them.

Their chief weapon is the "sympathetic" strike. By effective use of this method they hope to bring the mill owners to terms. Already, according to directors of the strike in this district the switchmen and yardmen who operate the cars which feed the mills are growing "restless" in sympathy with the strikers.

Allegations of the strike leaders, spokesmen of the operators, charge foreign-born strikers with intimidating the wives and childen of the loyal employes, threatening them with death and injury, burning their homes, etc., cause apprehension.

The strike went into the third day today with the situation practically unchanged.

Officials said there was little prospect of trouble in the immediate Pittsburgh district. It is literally swarming with constables, special police and ex-service men sworn in as deputies.

CONDUCTED ACQUITTED

George C. Ramey, of Southern Railway, Alleged to Have Obstructed Liquor Search

Danville, Va., Sept. 24.—After deliberating for more than an hour a jury in the Corporation Court Monday evening acquitted George C. Ramey, a Southern Railway conductor, indicted for violation of the Mapp act by obstructing officers when about to search a fast southbound train for liquor last December. The court instructed the jury to eliminate all thought of a jail sentence. Prohibition Inspector W. T. Hall, a witness in the case, arrived when the instructions were being argued, explaining his previous absence by stating that he did not believe he was a material witness. His absence did not weaken the case. The prosecutor said police witnesses testified that Ramey, when shown the warrant, used an oath, and said they would not search the Pullman. Then he locked the doors in their faces.

Testifying as to the reason why he went to such pains to balk prohibition officers from searching his train when it passed through here in January, Conductor Ramey said that a few weeks before the episode which resulted in his arrest, he was taking through Danville a party of eighteen young Red Cross nurses, who were alone in a Pullman car and asleep when the train pulled into Danville.

While he was getting his orders an officer, who, he said, he could not identify, with a revolver in one hand and a flashlight in the other and made a thorough search of the berths.

Continuing, he said the head nurse made a bitter complaint to him of the whole proceeding as soon as he returned. The Commonwealth sought to offset the damage done by this testimony by asking him if he knew if the man was an officer or some unauthorized individual. Ramey answered this by saying that it could be none other than a prohibition officer, as such acts had never been perpetrated until such department came into being.

Police officers testified that liquor was frequently brought into Danville on Pullmans, and that they had to protect themselves by searching them.

Y. M. C. A. MOVEMENT

As was announced in yesterday's Gazette, a movement is on foot for the reorganization of the Young Men's Christian Association in Alexandria, and the projectors have every reason to believe that the plan will crystalize rapidly.

About a third of a century has passed away since Alexandria had a Y. M. C. A. This was for many years regarded as an institution, and although interest at times waned, the good people having it in charge managed to retain the organization.

In the early part of the fifties of the last century the Young Men's Christian Association had its headquarters at the northeast corner of Prince and Washington streets. The organization engaged in no active work during the civil war, and at its close it was reorganized, when many men by no means young took active parts in the work of the association. Members of most of the churches of the city temporarily laid aside their ecclesiastical preferences and united in a union band of Christians. Committees visited the poor house and jail every Sunday while others conducted evangelical meetings on street corners.

As time went on, however, the enthusiasm cooled. Numbers who had been prominent in the work paid the debt of nature, while others moved out of the city. The ranks gradually thinned until there was but one tree left in the clearing, an old and earnest citizen whose love for the Christian Association never waned. One of the features of the organization at that time was a prayer meeting towards the close of the day at the headquarters then on the north side of King street, between Royal and Pitt. Generally a bare quorum, two or three gathered but the good man referred to at times found he was the only member answering the call to prayer. It is said he gave out the hymn sung it himself, and offered a prayer. James Entwisle, who was faithful unto death, entered into rest in 1892.

The association was subsequently reorganized and a man from another city was paid a salary to act as secretary. It was operated but a short time under this management.

COMMANDER BEATTIE

Alexandria has again been honored. The survivors of the late Colonel John S. Mosby's band at their reunion in Fredericksburg yesterday elected Captain Fountain Beattie Commander. The many friends of our old Alexandria friend rejoice with him at the compliment thus bestowed.

Twenty-five years ago, when the first reunion of Mosby's men was held in this city, the survivors assembled in Odd Fellows' Hall, on north Columbus street. Upon reading the names on the roster we were surprised at the number of Alexandrians who were members of the historic command. But few, however, are now in the land of the living but Alexandria still has a representation among them.

At the reunion referred to it was seen that some of the members of the little band had become preachers, others doctors, dentists, in fact many of the professions were represented by former Mosby men.

In glancing at those who took seats at the banquet table at night we grew reminiscent and our minds went back to the days of the war between the states. At that time books were published in the north entitled "Semmes the Pirate" and "Mosby the Bandit." The picture on the first page of the latter represented a camp fire around which were gathered a number of hard-looking specimens of the genus homo, on the order of followers of Villa. They were smoking and playing cards. A short distance away a dead federal soldier was lying with a bayonet driven through his breast. The light was furnished by a candle stuck in a bottle.

Such pictures were studied and supposed to be true in the northern section of the country.

DENOUNCE CUMMINS BILL

Gompers Says Law Will Not Be Obeyed and Will Make Law-Breakers

Three of the foremost leaders of organized labor, before the Senate interstate commerce committee yesterday, denounced in unqualified terms section of the Cummins railroad reorganization bill which would prevent workers from striking.

Samuel Gompers, president of the American Federation of Labor; Warren S. Stone, chief of the Engineers' brotherhood, and Glenn E. Plumb, author of organized labor's solution of the railroad problem and general counsel for railroad brotherhoods, in turn presented varying arguments, but all emphasizing the single point that in their view no power could constitutionally prevent men leaving work at their will.

"I do not wish to live a single day after that right has been taken away from workingmen," Mr. Gompers said with more than a touch of indignation. He served notice on the committee that the anti-strike provision if enacted as law would not be obeyed.

"With a full sense of my responsibility," he told the senators, "I say that I should have no more hesitancy about participating in a strike after its passage than I do now. It wouldn't stop strikes. It would just make lawbreakers."

"I hold these sections of the bill not only unconstitutional," he said, referring to the antistrike sections, "but also repugnant to the spirit of the Constitution and the republic."

$240,000 STOLEN FROM MAIL

Chicago Gang Used Dummy Package In Theft.

Chicago, Sept. 25.—Three men, one of them John Wejda, clerk in the Chicago postoffice, who is said to have planned the robbery, were arrested here early yesterday charged with stealing $240,000 of a shipment of $415,000 last Thursday from the Federal Reserve Bank here to the Standard Oil Company, of Indiana, at Whiting, Ind. Of the stolen fund $93,620 was recovered. The remainder according to a nalleged confession of two of the men, was abandoned in the cutskirts of Chicago when the automobile in which they were returning from Whiting broke down.

A fourth man, said to be the owner of a small farm near Chicago was being sought early today. Police say money was buried on his property. He is said to have been at Whiting with Phillips brothers.

Wejda some months ago, noted that every Thursday, a registered package consigned to the Bank of Whiting from the Federal Reserve Bank here went through the Chicago postoffice.

It is believed a dummy package similar to the one containing the money was prepared by Wejda. It was taken to Whiting and after the currency had been delivered at the railroad station to be sent to the bank was substituted and the money obtained.

FUGITIVE BROUGHT BACK

Claims He was in No Way Implicated In Murder of Young Wood.

Henry Arthur Starr, suspended policeman, and allegedly confessed embezzler, was brought to Washington from Cincinnati by Headquarters Detective Cornwell yesterday afternoon. The train bearing Cornwell and his prisoner arrived at Union Station shortly after 5 o'clock.

Starr was sullen, but nervous and trembling, when he alighted from the train. The detective summoned the patrol wagon of the Tenth precinct and took his prisoner directly to the station house.

Cornwell immediately went to police headquarters to report that he had captured the man said to have confessed to the larceny of $532 from Martin Schwartz, manager of the Liggett drug store, 418 Seventh street northwest, September 18.

Starr was under $2,000 bond on the charge of murdering Leroy McLeod on July 7, but must put up at least $5,000 for another period of temporary liberty District Attorney Laskey said last night. No one has yet approached Laskey on the matter of bail, he said.

A grilling at the station house last night failed to shake Starr in his statement that he was not in any way implicated in the murder of Emmett E. Wood, soda fountain clerk at the Liggett Store, northeast corner Fourteenth and F streets.

Oklahoma City, Sept. 24.—At 2.30 o'clock yesterday afternoon four companies of infantry and a machine gun company, State troops, began en training for Drumright, Okla. Old Time Boss Says When They Cry For Bread Men Will Return to Work, Union or no Union

Pittsburgh, Pa., Sept. 24.—Striking steel workers pit the spirit and endurance of their children against the stubborn resistance of steel barons, backed by the armed force of the "Cossacks."

"It's the kids that will settle the strike one way or the other, like as not," says John Dunn, an oldtime rolling mill boss of Schoen, one of Pittsburgh's mill suburbs. "If they can be fed, the men will hold out; if they start crying for bread, it will be back to the mills, union or no union."

Claims For Damages Against American Government Have Been Paid To Citizens

Advice from Luxembourg says all American troops have been withdrawn from the Grand Duchy, which had been occupied since last September by units of the Third United States Army.

The French recently placed one battalion of infantry in the Grand Duchy, 100 soldiers being stationed in Esch and 250 in the city of Luxemborg.

Claims for damages against the United States Government to the amount of 1,000,000 francs were paid recently by American Army officers to citizens of Luxembourg who were inconvenienced in one way or another by American soldiers.

A certain percentage of these claims were for damages to highways by automobile trucks. In addition, 2,000,000 francs were paid to citizens and hotelkeepers for billets during the time the Americans were in the Grand Duchy.

These items are not charged against Berlin, but were paid out of Government funds, the German Government being responsible, according to the peace terms, for the expenses only of the armies of occupation in Germany.

A RESOLUTION proposing amendment to section 117 of article 8 of the Constitution of Virginia, and providing for publishing said amendment and certifying the same to the next general assembly.

Resolved by the senate and the house of delegates (a majority of the members elected to each house agreeing thereto), That the following amendment to the Constitution of Virginia be, and the same is hereby, proposed and referred to the general assembly to be chosen at the next general election of senators and members of the house of delegates, for its concurrence, in conformity to the provisions of section one hundred and ninety-six of article fifteen of said Constitution, namely:

Strike out from the Constitution of Virginia section one hundred and seventeen, which is in the words and figures following, to-wit:

Section 117. General laws for the organization and government of cities and towns shall be enacted by the general assembly, and no special act shall be passed in relation thereto, except in the manner provided in article four of this Constitution, and then only by a recorded vote of two-thirds of the members elected to each house; and except also, in the case of cities having more than fifty thousand inhabitants, as hereinafter provided. But each of the cities and towns of the State having at the time of the adoption of this amendment a municipal charter may retain the same, except so far as it shall be repealed or amended by the general assembly; provided, that every such charter is hereby amended so as to conform to all the provisions, restrictions, limitations and powers set forth in this article, or otherwise provided in this Constitution.

Notwithstanding, however, anything in this article contained the general assembly may, by general law or by special act (passed as prescribed in article four of this Constitution), depart in any respect (except as otherwise in this section expressly provided) from the form of organization and government prescribed by this article for cities and towns, and may provide, from time to time, for the various cities and towns of the Commonwealth such form or forms of municipal government as the general assembly may deem best; but no form or forms of government authorized by the second paragraph of this section shall become operative except as to such cities or towns as may thereafter adopt the same by a majority vote of its qualified electors at an election to be held as may be prescribed therefor by law. All the limitations on the powers of the councils of cities and towns imposed by this article shall apply in like manner to the principal legislative authority under any form of government which may be authorized hereunder. The term "council" as used in sections one hundred and twenty-five and one hundred and twenty-seven of this Constitution shall be construed to include the body which, under any form of municipal government, shall be vested with the principal legislative authority of such municipality.

The general assembly, for the purpose of this article, may classify cities according to their population, but the maximum population prescribed for any class shall exceed the minimum population for the same class by at least ten thousand. The general assembly, at the request, made in manner which may be prescribed by law, of any city having a population of over fifty thousand inhabitants, may grant a special form of government for such city.

Any laws or charters enacted pursuant to the provisions of this section shall be subject to the provisions of this Constitution relating expressly to judges and clerks of courts, attorneys for the Commonwealth, commissioners of revenue, city treasurer and city sergeants.

And insert in lieu thereof the following:

Sec. 117. But each of the cities and towns of the State having at the time of the adoption of this Constitution a municipal charter may retain the same, except so far as it shall be repealed or amended by the general assembly; provided, that every such charter is hereby amended to conform to all the provisions, restrictions, limitations and powers set forth in this article, or otherwise provided in this Constitution.

(b) The general assembly may, by general law or by special act, (passed in the manner provided in article four of this Constitution) provide for the organization and government of cities and towns without regard to, and unaffected by any of the provisions of this article, except those of sections one hundred and twenty-four, one hundred and twenty-five, (except so far as the provisions of section one hundred and twenty-five recognize the office of mayor and the power of veto) one hundred and twenty-six one hundred and twenty-seven and one hundred and twenty-eight of this article and except those mentioned in sub-section (d) of this section. The term "Council" as used in any of said sections shall include the body exercising legislative authority for the city or town, and all ordinances enacted and resolutions adopted by such body shall have the same force and effect for all purposes, as if enacted or adopted in accordance with the provisions of section one hundred and twenty-three of this article. But such organization and government shall apply only to such cities or towns as may thereafter adopt the same by a majority vote of those qualified voters of any such city or town voting in an election to be held for the purpose, as may be provided by law.

(c) The general assembly, at the request of any city or town made in manner provided by law, may grant to it any special form of organization and government authorized by sub-section (b) of this section, and subject to all of the provisions of that sub-section, except that it shall not be necessary for such city or town to thereafter adopt the same.

(d) Any laws or charters enacted pursuant to the provisions of this section shall be subject to the provisions of this Constitution relating expressly to judges and clerks of courts, attorneys for the Commonwealth, commissioners of revenue, city treasurers and city sergeants.

(e) Any form of organization and government authorized by any provision of this section which may have been adopted heretofore by any city or town pursuant to any act of the general assembly enacted before such provision became effective, and which is now in operation, is hereby declared legal and valid ab initio, and shall have the same force and effect as if it had been authorized by this Constitution at the time of its adoption.

Leasing of House in Fashionable Washington Suburb Starts Such A Rumor.

Washington, Sept. 24.—The leasing of a large house in the fashionable Chevy Chase section of Washington by Gen. John J. Pershing definitely announced here was accompanied by a rumor that the famous commander in chief of the American Expeditionary Forces is soon to wed.

It is reported that the engagement of General Pershing to Mrs. Annie Peeples Boyd, widow of Col. Carl Boyd, a former member of General Pershing's staff in France, will be announced shortly. Colonel Boyd died in France about a year ago of pneumonia. At that time he was serving as General Pershing's aide.

Mrs. Boyd and her daughter were in Washington last week to view the parade of the First Division, and they spent the remainder of the week as guests of General Pershing. They left Saturday for Hagerstown, Md., where they were joined by Mrs. Parker, wife of Maj. Gen. Frank Parker, of Pershing's staff.

UNBALANCED MIND

Man Who Shot Granddaughter Not Yet Arrested

Lynchburg, Va., Sept. 24.—Relatives of Mazie Mattox, the 9 year old daughter of J. G. Mattox, who probably was fatally wounded Wednesday by her grandfather, Frank McManus, believe the shooting was the result of the impairment of the old man's mind. The child is one of 12 and one of the best beloved but of late the grandfather, who is 83 years old, had been irritable toward her and this resulted in the shooting. The man has not been arrested.

The little victim has submitted to an operation, and, while this may prolong her life, it is not believed that she can survive.

EX-KAISER'S KITCHEN

Transport Brings 2,700 Tons of Trophies of World War.

New York, Sept. 24.—The field kitchen used by the former German Emperor was among the 2,700 tons of trophies of the world war brought to this country by the transport Santa Rosa, which arrived here yesterday from Brest. They will be sent to the Smithsonian Institution at Washington where they will be placed in the permanent war exhibit.

The field kitchen made of copper, resplendent with enamel decorations showed no signs that it had been in the midst of shot and shell. According to its history it was captured near Verdun.

A case of medals, described as the property of the one-time German Crown Prince, was also among the souvenirs. The medals were captured by American troops, the retainers of the Prince having left them behind in a hurried retreat.

A TALK WITH AN ALEXANDRIA MAN

Mr. Frank E. Roat, Blacksmith of 107 South Payne Street, Tells His Experience.

There is nothing like a talk with one of our own citizens for giving hope and encouragement to the anxious sufferer from the dread kidney disease. We, therefore, give her an interview with an Alexandria man:

"I had trouble with my back," says Mr. Roat. It was weak and lame and sometimes the pain was pretty bad; I could hardly bend over or straighten up Mornings my back was so sore it felt like pins and needles when I touched it I also had bad headaches. Nights I had to get up five or six times, and when morning came I was all tired out. This went on until I was advised to use Doan's Kidney Pills. I got Doan's at Leadbeater's Drug Store and they certainly reached the spot. My kidneys acted regularly again and I got wonderful relief from the pains in my back. Since then I have used Doan's once in a while to keep my kidneys toned up."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Roat had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.

KILLED BY FALL

Losing control of a pneumatic drill, James Edward Keady, aged 20, 3303 O street northwest, fell thirty-two feet from a scaffold while at work on a cofferdam at the south end of the Aqueduct Bridge yesterday afternoon, causing instant death.

Keady was rushed to Emergency Hospital, but was pronounced dead. A certificate of accidental death was issued by the coroner.

THEATRES

GRAND THEATRE

An excellent cast has been assembled by Paramount in that company's picturization of the famous stage success, "The Warrens of Virginia," which will be presented in reissued form at the Grand Theatre tonight. The play ran for a year in New York and when it was picturized by Paramount with Blanche Sweet, House Peters and James Neill in the principal roles, it proved highly successful. Also E. K. Lincoln in "Elmo the Mighty"

INGOMAR THEATRE

Little Ben Alexander, the child wonder of the screen, who made such a decided hit in "The Turn in the Road" and "Hearts of the World," does another remarkable bit of acting in "Josselyn's Wife," the Bessie Barriscale production at the Ingomar Theatre tonight.

As Tommy Josselyn in the play, little Ben is the innocent cause of his grandfathers death and his father's conviction for the murder of Josselyn, Sr., but in the end his explanation of how his grandfather, came to his untimely end, saves his father from a life sentence in prison and reunites his parents happily.

This is probably the most exacting role the little chap has ever done, but he succeeds admirably in adding a pathetic thrill to the picture. This marvelous child's powers of mimicry have a real test when he reproduces vividly for his mother the death scene of the old man, and furnishes the clue to the murder mystery.

RICHMOND THEATRE

Corrine Griffith in "The Bramble Bush," a highly dramatic production, replete with thrilling scenes and climaxes, will be the attraction at the Richmond Theatre tonight.

A NERVOUS WRECK

From Three Years' Suffering, Says Cardui Made Her Well.

Texas City, Tex.—In an interesting statement, Mrs. G. H. Schill, of this town, says: "For three years I suffered untold agony with my head. I was unable to do any of my work.

I just wanted to sleep all the time, for that was the only ease I could get when I was asleep. I became a nervous wreck just from the awful suffering with my head.

I was so nervous that the least noise would make me jump out of my bed. I had no energy, and was unable to do anything. My son, a young boy, had to do all my household duties.

I was not able to do anything until I took Cardi. I took three bottles in all, and it surely cured me of those awful headaches. That has been three years ago, and I know the cure is permanent, for I have never had any headache since taking Cardui.

Nothing relieved me until I took Cardui. It did wonders for me."

Try Cardui for your troubles—made from medicinal ingredients recommended in medical books as being of benefit in female troubles, and 40 years of use has proven that the books are right. Begin taking Cardui today.

Now Is a Good Time To Drive Out Catarrh

The Trouble Is in the Blood.

Summer catarrh, with its nauseous discharge, stuffed up glands, difficult breathing, and summer colds, is bad enough, but the worst of it is yet to come if you neglect to check the growth that is forming to attack you with ten-fold greater power during the winter.

That's why it is so important to treat catarrh with S. S. S. during warm weather.

It is now an established fact that catarrh is in the blood and that lotions and salves do not give relief. The experience of others has proven that S. S. S. strikes at the root of the trouble. Waste no time in this matter, for it is of the utmost importance. Write to our Medical Advisor about your case. Address Swift Specific Co., Dept. 53, Atlanta, Ga.

To Our Patrons

Alexandria, Va., June 2, 1919.

In line with our progressive banking methods, and to meet the demands of our patrons, we are installing on July 1st, an up-to-date Safe Deposit Department, under the personal supervision of one of our officers.

This has been made necessary from the fact that a large number of our depositors owning Liberty Bonds and other securities desire a safe place for their keeping.

It is our plan to enlarge the number of Safe Deposit Boxes, and make a rental charge to meet the operating expenses of this Department. This charge will become effective July 1st, 1919, and a bill will be sent out at that time to the holders of boxes, and if any desire to make any change we will be glad to have them call before the bills are rendered for the ensuing year.
